Projects

FAST NUCES Google Sheets Timetable App
Created a way for FAST NUCES Students to be able to access the timetable in a more understandable, faster, and offline manner that would help them by creating less confusion and frustration compared to other solutions. timetable.dracodev.me

Assignment-to-PDF Utility
Built a command-line tool that converts C++ assignment source files into nicely formatted PDF submissions. Hosted at assignment-to-pdf.dracodev.me.

Discord Bots Development
Developed and maintained multiple Discord bots, enhancing user engagement through features like moderation tools, mini-games, and utility commands. Collaborated with an international team.

Aetherial discord.js API Wrapper
Contributed to the Aetherial discord.js API Wrapper, improving its functionality and stability for easier integration with Discord APIs. Details: GitHub.

Open Source
Often contributes to open source to not only improve the tools used daily for development, but also to speed up their development. Pull Requests.

Volunteering

Karachi Astronomers Society — Volunteer
November 2024 - July 2025
Helped organize and run monthly astronomy outreach events across Karachi focused on space education and public awareness. Assisted with lectures, informational sessions, and observation nights. Supported large-scale events with over 500 attendees during the 2025 Parade of the Planets.
Reference: Anas Faisal +92 334 0114119

Dar ul Sukun, Karachi — Volunteer
March 2025
Volunteered with children and seniors with disabilities, assisting with daily routines, learning activities, and recreational sessions. Participated in donation drives providing school supplies and essential items to support the organization's needs.
Reference: Mr. Walter James Borshin +92 321 8212450

Middletown Public Library, Rhode Island — Volunteer Staff
March 2024
Assisted library staff with organizing weekly educational events, managing inventory, and general operations. Gained hands-on experience in community engagement, event coordination, and public service.
